

Australian Native Wholesale Production Plant Nursery

Position Description: Level 2 Nursery Hand

Bushland Flora Nursery is one of Melbourne's leading Australian plant growers.

Bushland Flora is looking for a motivated person to join their team. They require a person to have the ability to liaise and aid in the management of tube stock & potted stock production.

The successful applicant must be skilled in growing plants and have experience in the Nursery Industry.

Tasks and Responsibilities:

- Spraying and certificate of chemical handling
- Preparation of soil propagation mixes
- Watering and the irrigation of stock
- Stock movement of tubes and pots
- Have a good work ethic, honesty, maturity & hard working
- Be reliable, punctual & take responsibility for their job
- Work well within a team & have good communication skills

Qualifications:

Bushland Flora is seeking applicants who have completed an apprenticeship in Horticulture or the equivalent; and who are wishing to further their career in Horticulture.

- Certificate II in Horticulture (Wholesale Nursery) or equivalent experience in the industry.
- Current Driver's license & truck license would be an advantage for deliveries.
- Operate tractor's and equipment

Bushland Flora is located in Mount Evelyn in The Yarra Valley, this is a full time position and the successful applicant's remuneration will be based on ability and experience. For the right applicant there is plenty of room for growth in the organisation. If you think that you could be the person for this position send an email with your resume to:
